Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

The Environmental Assessment Act, 1975

NOTICE OF ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT (s. 9)

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING (s. 14)

RE: An Environmental Assessment for a Proposed Highway 17 New Pembroke Bypass, from Highway 41 Westerly to Renfrew County Road 17

Proponent: Minister of Transportation and Communications

E.A. File No. 1-80-0001-000

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above environmental assessment and/or its review by the Ontario Government, pursuant to the *Notice of Completion of Environmental Assessment Review*, dated June 30, 1980, has expired as of August 15, 1980. I received no requirements for a hearing by that date. I do not consider it advisable to require the Environmental Assessment Board to hold a hearing at this time.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

I have considered the purpose of *The Environmental Assessment Act*, the above environmental assessment and the review, and am of the opinion that the environmental assessment is satisfactory to enable a decision to be made as to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

Accordingly, I have accepted the environmental assessment.

HEARING

Under Section 13 of the Act, before I, or the Environmental Assessment Board, can consider whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions, the proponent or anyone having previously made a submission under Section 7 (2) of the Act on the *Notice of Completion of Environmental Assessment Review* for this undertaking, may

require a hearing by the Environmental Assessment Board with respect to whether approval to proceed with the undertaking should or should not be given, or should be given subject to terms and conditions.

The proponent has waived his right to a hearing on the approval of the undertaking.

APPROVAL TO PROCEED WITH THE UNDERTAKING

I have considered the purpose of *The Environmental Assessment Act*, 1975, and the environmental assessment of the undertaking as accepted by me. No submissions have been received with respect to the environmental assessment.

Accordingly, I hereby give approval to proceed with the undertaking subject to the conditions set out below.

REASONS

The reasons for giving approval are:

- (1) I received no submissions requiring a hearing by the Environmental Assessment Board after giving the *Notice of Completion of Environmental Assessment Review* dated June 30, 1980 and the proponent has waived the right to a hearing on the approval of the undertaking. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be required.
- (2) The environmental assessment together with the Government review and the conditions below sufficiently fulfill the purpose of *The Environmental Assessment Act*, which is the betterment of the people of the whole or any part of Ontario by providing for the protection, conservation and wise management in Ontario of the Environment.

CONDITIONS

1. The proponent shall take measures to ensure that Ontario Hydro easement Q69×19 is rehabilitated to as near the original condition as possible.
2. The proponent shall locate all sub-surface sewage disposal systems within 50' of the right-of-way limit of the project, and shall take measures to ensure that such systems are not adversely affected.
3. The proponent shall submit contract drawings, indicating specifically what mitigation measures will be incorporated into the Indian River Crossing, to the Water Resources Branch of the Ministry of the Environment, at some reasonable time prior to construction.
4. The proponent shall report any and all historical and archaeological sites or artifactual finds that are encountered during construction, to the Regional Office of the Ministry of Culture and Recreation.

HARRY C. PARROTT,
Minister of the Environment,
135 St. Clair Ave. West,
14th Floor,
Toronto, Ontario M4V 1P5.

The Environmental Assessment Act, 1975

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for the Remote Northern Airport Program (Class Environmental Assessment)—Construction of New Airports with Access Roads, Expansion of Existing Facilities and Major Improvements to Access Roads

Proponent: The Minister of Transportation and Communications

E.A. File No. 2-79-0013-000

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired September 18, 1980. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

I have considered the purpose of *The Environmental Assessment Act, 1975*, and the environmental assessment of the undertaking as accepted by me. No submissions have been received with respect to the environmental assessment.

Accordingly, I hereby give approval to proceed with the undertaking subject to the conditions given on the attached schedule.

Reasons:

The reasons for giving approval are:

- (1) I received no submissions or notices requiring a hearing by the Environmental Assessment Board

after giving the *Notice of Completion of Environmental Assessment Review* dated May 16, 1980 and no submissions or notices requiring a hearing by the Environmental Assessment Board after giving the *Notice of Acceptance of the Environmental Assessment*, dated August 27, 1980. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be called.

- (2) The environmental assessment together with the Government review and the attached conditions sufficiently fulfill the purpose of *The Environmental Assessment Act*, which is the betterment of the people of the whole or any part of Ontario by providing for the protection, conservation and wise management in Ontario of the environment.

HARRY PARROTT, D.D.S.,
Minister of the Environment,
135 St. Clair Avenue West,
14th Floor,

In the event that heritage resources are encountered during the survey, mitigation measures acceptable to MCR shall be negotiated on a project-by-project basis.

The study shall include consultation on benefits and costs of the Program with Native Peoples' organizations, including Grand Council Treaty No. 9.
4. The ESR for every project within the Class shall be submitted to MOE's Environmental Approvals Branch in Toronto, the affected MOE Regional Office, Grand Council Treaty No. 9, the affected

Band Council and interested Provincial Ministries. It shall be made available generally for at least 30 days, or for such other period as MTC determines to be suitable in the circumstances, prior to the commencement of construction. Where MTC decides that a period less than 30 days is necessary, the reasons for this shall be given in the ESR for the project in question.

5. MTC shall: determine the location of any landfill sites or dumps that may present a bird hazard in the vicinity of the community to be served by a new airport; take any such sites into account when selecting the site for such airports; and, report in the ESR how the location of landfill sites or dumps affected airport site selection.
6. MTC shall carry out a re-evaluation of the Class EA covered by this approval, make appropriate revisions, and submit the revised environmental assessment for review under *The Environmental*

REGULATION TO AMEND
REGULATION 784 OF
REVISED REGULATIONS OF ONTARIO, 1970
MADE UNDER
THE RETAIL SALES TAX ACT

1. Regulation 784 of Revised Regulations of Ontario, 1970 is amended by adding thereto the following section:

3.—(1) A purchase exemption certificate referred to in section 3 of Regulation 785 of Revised Regulations of Ontario, 1970 may be,

(a) a single purchase exemption certificate in the form prescribed in subsection 11 or 12; or

(b) a blanket purchase exemption certificate in the form prescribed in subsection 11.

(2) A single purchase exemption certificate may be used only with respect to each order of tangible personal property.

(3) Where a purchaser supplies a vendor with a blanket purchase exemption certificate, such certificate shall remain valid for a period of three years or until revoked by the purchaser or cancelled by the Minister, and such purchaser is not required to execute additional purchase exemption certificates for individual purchases provided there is no change in the character of the tangible personal property referred to in the original blanket purchase exemption certificate, but the blanket purchase exemption certificate so issued is ineffective with respect to orders that follow the original blanket purchase exemption certificate unless reference is made thereto by the purchaser on each purchase order issued for subsequent purchases of tangible personal property by that purchaser and such reference shall be in the form prescribed in subsection 13, and where the purchaser is a vendor, he shall insert his vendor's permit number on the purchase order.

(4) Where a vendor receives an order from a purchaser on which a purchase exemption certificate is indicated either by rubber stamp or by reference to a single or blanket purchase exemption certificate, the vendor may sell the tangible personal property ordered without charging tax thereon, and he has no responsibility for collecting tax with respect to the tangible personal property so ordered even where the tangible personal property purchased is or may be deemed to be taxable in the hands of the purchaser.

(5) No vendor shall sell tangible personal property exempt from tax to a purchaser if the blanket purchase

exemption certificate supplied by the purchaser is more than three years old.

(6) Where a purchaser does not provide a vendor of tangible personal property with properly executed purchase exemption certificates in one of the forms prescribed by this section, the sale shall be deemed to be a retail sale and the vendor shall collect tax on the fair value of such property unless it is otherwise exempt under the Act and the burden of proving that such sale is not a retail sale shall be upon the vendor.

(7) Where a purchaser has provided a supplier with a valid blanket purchase exemption certificate that covers a class of tangible personal property that he regularly buys from the supplier and subsequently orders an additional amount of the same class of tangible personal property from the same supplier by telephone, the vendor of such tangible personal property may make the sale thereof without collecting tax where he inserts on the invoice he prepares for the sale of the tangible personal property the number of the applicable purchase exemption certificate made by the purchaser and the number of the vendor's permit of the purchaser and retains a copy of such invoice on file.

(8) Where a purchaser orders tangible personal property by telephone and the vendor has not received a blanket purchase exemption certificate that covers the class of tangible personal property so ordered, the sale thereof shall be deemed to be a retail sale and the vendor shall collect tax on the tangible personal property.

(9) Every purchase exemption certificate shall include,

- (a) the name under which the purchaser transacts business and the address at which the purchaser carries on business;
- (b) the signature of the purchaser or of a person duly authorized to sign on the purchaser's behalf;
- (c) where the purchase exemption certificate is a single certificate that takes the form of a printed piece of paper, a list of the tangible personal property being purchased under the certificate; and
- (d) where the certificate is issued by a vendor holding a subsisting vendor's permit, the vendor's permit number.

(10) No person shall use a purchase exemption certificate to obtain tangible personal property exempt from tax unless,

- (a) the tangible personal property is to be used for resale; or
- (b) the person is exempt from the payment of tax under the Act or is a person to whom section 15 of this Regulation is applicable.

4. Section 3 of this Regulation shall be deemed to have come into force on the 1st day of August, 1980.

LORNE MAECK

Minister of Revenue

Dated at Toronto, this 23rd day of October, 1980.

THE ENVIRONMENTAL ASSESSMENT ACT, 1975

O. Reg. 906/80.

Exemption—Ministry of Natural Resources—
MNR-18/3.

Made—October 23rd, 1980.

Approved—October 23rd, 1980.

Filed—October 30th, 1980.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT, 1975

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-18/3

Having received from the Minister of Natural Resources class environmental assessments with respect to some of the activities within the undertaking exempted by Order MNR-18, and MNR-18/2 published in THE ONTARIO GAZETTE on October 6, 1979, and May 17, 1980 respectively, namely:

The activities of constructing or implementing:

- (1) water-related excavation, dredge and fill
- (2) shoreline and bank stabilization
- (3) ponds
- (4) fishways
- (5) access points and docks

And whereas the above exemption orders expire on September 30, 1980 by which time class environmental assessments were expected to be approved under the Act and in place for these activities, and

Whereas the Minister of Natural Resources submitted the class environmental assessments to the Minister of the Environment for approval either by January 30, 1980 as required by MNR-18 or by the end of May, 1980 as provided for in MNR-18/2 which extended the required submission date of MNR-18; and

Whereas approval of the class environmental assessments has been delayed beyond the expected timetable because the Minister of the Environment has been attempting to develop a co-ordinated position on these class assessments and to co-ordinate a joint Government review; and

Having been advised that if the projects within the undertaking are subject to the application of the Act while the class environmental assessments are being reviewed, the following injury, damage or interference with the persons indicated will occur:

- A. The Crown and the public will be interfered with by the delay in planning and implementing those projects which are or will be scheduled to proceed this year.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which

would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources will continue to carry out individual environmental assessment procedures for any project within the undertaking which is liable to have such significant effects that an individual environmental assessment would be carried out as proposed in the class environmental assessments as submitted and not yet approved; and
- B. The Ministry of Natural Resources will apply the appropriate provisions of the class environmental assessments as submitted and not yet approved to some of the projects within the proposed undertaking to be implemented this year to gain experience so the class environmental assessments may be readily applied to the undertaking after they are approved, and the Ministry of Natural Resources will continue to advise the Environmental Assessment Section of the Ministry of the Environment of the progress being made from time to time in applying such provisions.

This exemption is subject to the following terms and conditions:

1. This exemption shall expire on March 31, 1981 by which time approvals of the undertakings are expected to be in place. This exemption shall not apply to any projects within the undertaking for which an approval to proceed is received.
2. Where the carrying out of a project requires that some activity, for which an environmental assessment has been done and an approval to proceed received, be conducted, that project shall be carried out in accordance with the environmental assessment and approval to proceed.
3. A copy of any plan or project description with respect to a project within the undertaking shall, before the implementation of the project commences, be made available to the public at a local office of the Ministry of Natural Resources and a copy shall also be sent to the Environmental Approvals Branch of the Ministry of the Environment to be kept with the records of environmental assessments and made available to the public in the same way as such records. The Environmental
Assessment Act, 1975

NOTICE OF APPROVAL TO PROCEED
WITH THE UNDERTAKING

RE: An Environmental Assessment for the Proposed Airport at Kasabonika, near the Kasabonika Indian Reserve in the Provincial District of Kenora
Proponent: The Minister of Transportation and Communications
E.A. File No. 1-80-0002-000

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking expired August 13, 1980. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

I have considered the purpose of *The Environmental Assessment Act, 1975*, and the environmental assessment of the undertaking as accepted by me. No submis-

sions have been received with respect to the environmental assessment.

Accordingly, I hereby give approval to proceed with the undertaking subject to the condition given on the attached schedule.

Reasons:

The reasons for giving approval are:

- (1) I received no submissions or notices requiring a hearing by the Environmental Assessment Board after giving the *Notice of Completion of Environmental Assessment Review* dated May 15, 1980 and no submissions or notices requiring a hearing by the Environmental Assessment Board after giving the *Notice of Acceptance of the Environmental Assessment*, dated July 22, 1980. I am not aware of any outstanding issues with respect to this undertaking which suggest that a hearing should be called.
- (2) Although two conditions were recommended in the review of the environmental assessment, the archaeological survey work which would have been required by one condition has already been completed and therefore only the remaining condition is imposed.
- (3) The environmental assessment together with the Government review and the attached condition sufficiently fulfill the purpose of *The Environmental Assessment Act*, which is the betterment of the people of the whole or any part of Ontario by providing for the protection, conservation and wise management in Ontario of the environment.

HARRY PARROTT,
Minister of the Environment,
135 St. Clair Avenue West,
14th Floor,
Toronto, Ontario M4V 1P5.

Approved by
O.C. No. 2800/80

Dated at Toronto, the 9th day of October, 1980.

CONDITION OF APPROVAL

This condition applies to the undertaking which consists of the works described in the resume of the EA (Form 1)* together with 1000 foot drained overruns, if they are provided as suggested in the review.

- 1. The undertaking includes the operation and maintenance of works constructed pursuant to this approval.

* Form 1 is required by the Act's regulations and provides a summary of the main topics that must be discussed in an EA to meet the provisions of S. 5 (3) of the Act.

ACT, 1975

Exemption—Ministry of Transportation
and Communications—MTC-36.
Made—November 6th, 1980.
Approved—November 6th, 1980.
Filed—November 17th, 1980.

ORDER MADE UNDER
THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

EXEMPTION—MINISTRY OF
TRANSPORTATION AND COMMUNICATIONS
—MTC-36

Having received a request from the Toronto Area Transit Operating Authority, (TATOA), a public body and Crown agency reporting to the Minister of Transportation and Communications, that an undertaking, namely:

The leasing of parking facilities and vacant land at the Malton GO Rail Station to the International Centre, and the construction by the tenant of 150 parking spaces adjacent to the existing GO Station Parking lot, for the provision of parking for visitors to the Centre and when required for the use of GO Transit passengers,

be exempt from the application of the Act pursuant to Section 30; and

Having been advised by the proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. TATO A will be interfered with and damaged by delays in the conclusion of an agreement that will provide rental income to the Authority; and
- B. The tenant will be interfered with and damaged if delays result in increased costs associated with cold weather construction, and/or inadequate parking capacity to meet the needs of visitors to the International Centre; and
- C. The tenant's customers will be interfered with by delays in the provision of additional parking capacity for which there is a demonstrated need.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. TATO A's Environmental Assessment Class Document—B1 has been submitted, but the undertaking, which would include the undertaking being exempted by this order has not yet received the final approval of the Minister of the Environment; and
- B. TATO A will ensure that the undertaking is planned, designed and implemented in a manner that will minimize any adverse effects on the environment; and
- C. The undertaking conforms with the Province's plans for the expansion of the Malton GO Rail Station; and
- D. The existing Malton GO Rail Station is located in an industrial area and, therefore, the undertaking which is minor in nature, is unlikely to have any significant effects on the environment; and
- E. Due to the lateness of the construction season and the desire of the tenant to complete construction before winter, there is insufficient time to prepare and submit an environmental assessment for approval under the Act.

This exemption is subject to the following terms and conditions:

- 1. TATO A will ensure that the undertaking is planned, designed and implemented in a manner that will minimize any adverse effects on the environment.

- 2. The lease will provide for its termination if the parking facilities have not been provided on the leased land by January 31, 1980.

Exemption—The Niagara Parks

Commission—NPC-1.

EXEMPTION—THE NIAGARA PARKS COMMISSION—NPC-1

Having received a request from the Niagara Parks Commission that an undertaking, namely:

The construction of a Retail Distribution Centre,

be exempt from the application of the Act pursuant to Section 30; and

Having been advised by the Niagara Parks Commission that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The present Distribution Centre is unsafe for continued occupancy. The second floor can no longer safely carry the required load. If a new building is not erected, the Commission's retail operation will be interfered with.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The existing Distribution Centre is no longer safe to use for this purpose;
- B. It is essential that the Commission's retail operations be able to continue uninterrupted. The revenue involved is necessary for the Commission to carry out its park program;
- C. A new building in the proposed location would not have any significant adverse effects.

This exemption is subject to the following terms and conditions:

1. Completion of the undertaking shall not affect the environmental assessment process required for the Queen Victoria Park Transportation plan.
2. The undertaking shall be planned and implemented in a manner that will minimize the negative effects on the environment.
3. This exemption expires if construction is not commenced by July 1, 1981. O. Reg. 949/80.

SCHEDULE "A"

REASONS FOR DECISION

For the applicant:

And-Son Contracting & Gravel
Enterprises Incorporated —Cameron F.
Provenzano

For the respondent:

The Ontario Trucking Association
Inc. —R. B. Warren

The application of And-Son Contracting & Gravel Enterprises Incorporated, of a place known as Goulais Bay, in the Geographic Township of Fenwick, in the District of Algoma, was published in THE ONTARIO GAZETTE of March 22nd, 1980 in the following terms:

"CLASS 'W' OPERATING LICENCE:

'For the transportation exclusively of logs, timber, rough or dressed lumber, laminated lumber, laminated wooden blocks, wooden ties and poles, plywood, particle board, waferboard, fibreboard, veneer, bark, wood chips, shavings, sawdust and wood flour".

Three vehicles, Regions W2, W3 and W5".

During the course of the Class 'W' hearings it became apparent that in addition to the problems created by the inclusion of the word "logs" in the legislation difficulties also existed when dealing with the transportation of "wood chips" and "sawdust". There is evidence of a growing demand for the latter items, as new markets are found for their use as fuel, etc. to supplement or replace existing energy sources or used in the production of pulp.

Resolving the submissions made with respect to the transportation of these products the major problem arises in determining if they are or are not exempt under the provisions of paragraph (c) of subsection (2) of Section 2 of *The Public Commercial Vehicles Act*. This paragraph reads as follows:

"(c) farm or forest produce, other than livestock or milk, that are the produce of the farm or forest from which they are being transported".

Here we are dealing with produce of the forest from which it is being transported. "Forest" is defined in the Shorter Oxford English Dictionary as :

"an extensive tract of land covered with trees and undergrowth, sometimes intermingled with pasture".

The same source gives "produce" the following meaning:

"agricultural and natural products as distinguished from manufactured goods".

The combination of the two gives "the transportation of agricultural or natural products etc., from an extensive tract of land covered with trees and undergrowth etc.," and the Board is of the opinion that logs, wood chips and sawdust fall within "agricultural and natural products". Given the definition of "forest" it is clear that such items are being shipped from extensive tracts of land covered with trees and undergrowth notwithstanding that certain portions of such areas are "let out" by government grants etc. to different persons corporate and other. Within the exemption the only requirement beyond the foregoing is that they are transported from the forest of which they are the produce, hence in the absence of any provision making it necessary that such transportation be continuous intermediate stops enroute to destinations are permitted.

Specifically logs are transported from the forest to a mill, to stockpiles for sorting into cutting, veneer or pulp use and moved on from there, or having been taken to a mill sorting is carried out which may necessitate a further move depending upon how the logs have been classified. Given the wording of the legislation it appears clear that in such cases the "stopover" does not remove logs from the exemption. They are therefore exempt to their ultimate destination. The Board has heard many applications from people engaged in offering the aforementioned type of transportation and in several instances they have supplied such service for what amounts to a lifetime. The Board is satisfied that such moves are exempt from the licensing requirements and recommends that any application fees be returned to those persons who may have misunderstood either the legislation or the advertising relating thereto.

The Board was also presented with applications relating to sawdust and wood chips both of which are in

essence produce of the forest from which they are transported albeit in a somewhat different form from the logs and tree limbs from which they are generated. It is clear that a tree felled in the forest and moved intact from such forest is exempt from the provisions of *The Public Commercial Vehicles Act*. It would be inconsistent if the tree reduced in size to transport lengths, sawdust or wood chips lost its exemption. It is only when the tree is changed in character by being manufactured into dimensional lumber, pulp, paper, plywood, veneer or other manufactured or packaged items that the exemption is lost with such items ceasing to be "produce of the forest".

The Board having authority to hear and determine all questions of fact and law within its jurisdiction is of the opinion that logs, wood chips, and sawdust fall within the exempting provisions of *The Public Commercial Vehicles Act*; consequently a licence is not necessary to transport such items from the "forest" of which they are the produce. The Board is also satisfied that, for the same reasons, bark, shavings and wood flour all are exempt under the general exemption provisions of *The Public Commercial Vehicles Act* when moving in bulk without benefit of any packaging whatsoever.

Vice-Chairman.

THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

O. Reg. 984/80.

Exemption—Ontario Hydro—OH-24.

Made—November 13th, 1980.

Approved—November 13th, 1980.

Filed—November 26th, 1980.

ORDER MADE UNDER
THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

EXEMPTION—ONTARIO HYDRO—OH-24

Having received a request from Ontario Hydro that an undertaking, namely:

The activity of acquiring and maintaining properties included within the Schedule A, to serve as a buffer zone adjacent to the Nanticoke generating station site in order to preserve the operating efficiency of the coal handling facilities. Structures located on the properties acquired are to be demolished and the sites retored to natural grade,

be exempted from submission, review and hearing under the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The present owners who are affected by the deposition of coal dust which interferes with the enjoyment of property will continue to be so affected;
- B. In order to avoid coal dust deposition experienced by cottage owners during certain weather conditions, the operating efficiency of the coal handling facilities are compromised and interfered with to the point of complete shut-down, thereby interfering with Ontario Hydro's operation of the generating station;
- C. Those of the present owners who wish to sell their properties to a willing buyer will be interfered with if Ontario Hydro cannot purchase their properties while an environmental assessment is being prepared.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario by the environment, which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders, subject to the terms and conditions set out below, that the undertaking is exempt from the application of the Act for the following reasons:

- A. The use of the property as a buffer zone is unlikely to have any significant adverse effects on the environment;
- B. The acquisition would prevent the present owners from being adversely affected by coal dust.

This exemption order is subject to the following terms and conditions:

1. Ontario Hydro will advise owners of all properties included in the description of Hydro's plans; and, further advise these owners of Ontario Hydro's willingness to purchase their property.
2. Ontario Hydro will confirm that the proposed undertaking is in accordance with both the existing zoning and proposed Official Plan governing the subject land, and Ontario Hydro will consult with the municipality in this regard prior to purchasing any property.

This order comes into force and has effect on and after the date upon which it is signed. O. Reg. 984/80.

THE ENVIRONMENTAL ASSESSMENT ACT, 1975

O. Reg. 1001/80.

Exemption—Corporation of the Town of Smooth Rock Falls—MSRF-1.

Made—November 28th, 1980.

Approved—November 28th, 1980.

Filed—December 1st, 1980.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT, 1975

EXEMPTION—CORPORATION OF THE TOWN OF SMOOTH ROCK FALLS—MSRF-1

Having received a request from The Corporation of the Town of Smooth Rock Falls that an undertaking, namely:

The proposal to establish an Emergency Waste Management System including an emergency waste disposal site on part of Lot 2, Concession 5, Kendrey Township, for the Town of Smooth Rock Falls,

be exempt from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. There is a definite possibility of slope failure at the present landfill site and contamination of an adjoining watercourse due to leachate since the landfill area overhangs the watercourse, with embankment slopes less than 1:1;
- B. The present waste disposal area (within the Mill Yard of the Abitibi-Price Paper Mill) adjoins an extensive landfill area comprised of wood-chips and bark, so consequently there is the threat of a serious fire. Small fires have broken out, so fire hoses have been extended to the refuse disposal area, on standby. If such a fire were to occur, it would threaten the mill and nearby parts of the townsite, thus creating a danger to property and the health and safety of any person in the immediate area and create a nuisance from smoke for the entire Townsite of Smooth Rock Falls.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or

any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. It is necessary to establish a location to place municipal waste while an environmental assessment is being prepared;
- B. The proposed emergency waste disposal site is more than 2 miles from the closest dwelling and well;
- C. The proposed site is located on, and surrounded by Crown Land;
- D. There are no drainage courses on the site, and surface conditions are dry;
- E. The fine grained silty sand should provide moderate to poor attenuation of contaminants and although leachate migration off the site is likely, there is little potential for leachate springs or contamination of existing water supplies;
- F. The resource potential of the site area is low. The interference which would be caused by the application of the Act at this time is therefore undue.

This exemption is subject to the following terms and conditions:

- 1. The Town of Smooth Rock Falls shall apply for a Provisional Certificate of Approval under Section 33b of *The Environmental Protection Act, 1971* for an emergency waste disposal site.
- 2. The existing site shall be closed in accordance with the requirements of the Ministry of the Environment.
- 3. The Corporation of the Town of Smooth Rock Falls shall prepare and submit an environmental assessment meeting the standards of the Act for a waste management system including a permanent waste disposal site and the proper closure of the existing site. The detailed hydrogeological study for such environmental assessment shall be undertaken by May 15, 1981, and the environmental assessment and supporting documents submitted to the Minister of the Environment by October 1, 1981.

4. The Certificate of Approval for the emergency site, if issued, shall have a condition that no waste will be disposed of at the site after January 1, 1983 under that Certificate of Approval and shall provide that unless approval for the continued operation of the site or its closure with waste remaining on the site is obtained under *The Environmental Assessment Act, 1975*, any waste deposited at the site shall be removed. - (7) The clerk of every lower-tier municipality in respect of which a resource equalization grant is determined for any year shall, upon receiving notice from the Ministry of the amount of such grant, provide to the upper-tier municipality a statement of the amount of the grant and the amount to be added in respect of the grant to the equalized assessment of the municipality under subsection 1 of section 10 of the Act. O. Reg. 1011/80, s. 1 (1), *part*.
- (9) A statement shall be provided by the clerk of the lower-tier municipality to the upper-tier municipality on or before the 1st day of April in each year showing,

- (2) The said section 5, as amended by section 3 of Ontario Regulation 515/80, is further amended by adding thereto the following subsections:

(11) Where the Ministry is unable to determine prior to the 15th day of September in any year the resource equalization grant payable in respect of a lower-tier municipality for that year, the Ministry may estimate the amount of the grant payable in respect of the municipality, which amount shall be known as the interim resource equalization grant entitlement of the lower-tier municipality, and may notify the clerk of the municipality of that interim resource equalization grant entitlement.

(12) Upon receiving a notice under subsection 11 the clerk of the lower-tier municipality shall forward to the upper-tier municipality within which the lower-tier municipality is situate a statement showing,

(14) Where an upper-tier municipality is notified under subsection 12 of an interim resource equalization grant entitlement of a lower-tier municipality for any year and the apportionment and levy or requisition, as the case may be, of the upper-tier municipality have already been made for that year, all necessary adjustments shall be made to the apportionment.

(15) For the purposes of subsection 14, "apportionment" includes an apportionment made by a county on the basis of one or more assessment rolls as returned to the clerk as provided for in subsection 3a of section 507 of *The Municipal Act*.

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

It is a pleasure to address you at the official closing of the Fourth Session of Ontario's Thirty-first Parliament

and, in so doing, to give due recognition to the work and achievements of the past nine months.

It has been a period in which government activity throughout our nation and, in varying degrees, the daily lives of all Canadians have been centred on problems of Constitutional reform.

For our part, as a Province, we have been able to demonstrate a fair measure of accord, on all sides of this House, on the basic convictions and principles underlying the current national debate. These convictions, we venture to suggest, reflect the opinion and sentiment of the vast majority of the people of Ontario. The Government of Ontario is dedicated to pursuing all the means possible which it feels will make a positive contribution to a harmonious resolution of the prevailing difficult situation.

Pendant toute cette session, les problèmes de réforme constitutionnelle ont été au centre de l'activité gouvernementale dans tout le pays et, à des degrés divers, de la vie quotidienne de tous les Canadiens.

Dans la province, nous avons montré pour notre part que nous étions en grande partie d'accord, quelle que soit notre place à l'Assemblée, sur les convictions et les principes qui sont à la base du débat national actuel. Nous pensons pouvoir affirmer que ces convictions reflètent les opinions et les sentiments de la vaste majorité des résidents de l'Ontario. Le gouvernement de l'Ontario est fermement décidé à continuer d'utiliser tous les moyens qui lui semblent susceptibles de contribuer de façon positive à la solution harmonieuse de la difficile situation actuelle.

This Legislature, in an unprecedented week-long debate on Confederation before the Quebec referendum last May, passed a unanimous resolution on a number of basic principles. These included support of full negotiation of a new Constitution, opposition to the negotiation of "sovereignty-association", and an appeal to all Quebecers to join in building a national Constitution for Canada.

In subsequent weeks and months, with increasing manifestations of discontent among Western Canadians, the scene may have shifted somewhat from Quebec but, in our view, the same principles apply. They remain imperative to building the future of our nation—a task to which the Province of Ontario is fully committed.

The economic difficulties facing our Province, among others, are in great measure linked to the larger national issues, in particular as they affect determinations about Canada's energy future.

Ontario continues to emphasize the need for economic initiatives that derive from responsible leadership at the national level, and which seek to secure the co-operation of all regions of Canada. Much remained lacking, in this regard, in the recent Federal budget.

As a result, Ontario, last month, introduced selected tax-relief initiatives to give immediate stimulus to the

province's economy, and embarked on a realignment of programs for industrial and economic development over the next five years. These measures support and enhance the provisions of the Provincial budget outline, in April, of the current year's economic and fiscal program, in which protection against tax increases was the key factor.

Government assistance to industry has become an increasing necessity, as a means of creating new private sector jobs and protecting existing ones in a slow economy. This was one of the objectives of the Employment Development Fund which formed part of the Government's overall economic plan last year.

Since then, the Fund, which is now giving way to a more dynamic Industrial Leadership and Development initiative, will have generated more than \$3.5 billion in private sector investments in Ontario industry, on the basis of some \$300 million in direct Provincial Government aid. A potential 19,000 new jobs will result from these investments.

The Employment Development Fund has been the source of vital assistance particularly to the pulp and paper industry, providing incentives for investments in mill modernization, pollution abatement and energy conservation and generation. This assistance has helped to assure the long-term security of 20,000 mill working and logging jobs, mainly in Northern Ontario.

The most serious industrial situation the Province has faced this year has arisen from the crisis in the North American automobile industry, which is having to come to grips with the need to adapt to meet energy efficiency and conservation demands. A key role has fallen to governments on both sides of the border to help turn the industry around and secure its future. Automobile and auto parts manufacturers alike project substantial capital investments in Ontario over the next few years as these major adjustments are made.

At the same time, it is recognized that research and development must play a stronger roll than ever, in terms of automobile production, as well as for new market opportunities. The Ontario Government has ensured that initiatives to assist both segments of the industry have included this factor. In May, the Province reached an agreement offering Chrysler Canada Ltd. a \$10 million grant toward a research and development facility in Windsor, and also announced plans for an Autoparts Technical Centre at the Ontario Research Foundation.

Significant employee protection measures have been considered, during this Session, through a five-point program to deal with employment adjustment problems arising from manufacturing plant closures. These additional provisions, covering such matters as pensions, termination entitlement and fringe benefits, have been thoroughly examined by members of this Legislature and the process will continue in the coming months.

Taking into account provisions for manpower adjustment committees, and the work of the new Select

Committee on Plant Shutdowns and Employee Adjustment, an overall assurance of fair treatment and assistance can be developed for employees who may be faced with this particular hardship.

The Ontario Youth Employment Program, begun in 1977, was continued this year. Through government subsidies of hourly wage rates for employment in businesses and on farms, some 50,000 jobs were created for young people between May and October.

In the Spring, the Government established a \$25 million Farm Interest Assistance Program to help the farming industry, which was especially hard pressed during a period of high interest rates, and in the face of a need for short-term working capital to maintain production.

As well, legislation has since been enacted, under a new Non-resident Agricultural Land Interests Registration Act, as a means of monitoring agricultural land ownership in Ontario and to help protect this vital industry.

Among the most important plans of action presented during the Session is the comprehensive energy program, announced in the House on October 10th, which forecasts expenditure needs of \$165 million for a number of specific projects over the next 10 years, in the drive to reduce our dependence on crude oil.

In recent years, the effects of steeper increases in energy costs have been felt even more in rural areas, where the cost of electric power is shared by fewer people and is, therefore, much higher on average than in urban areas. The Government has made a commitment to alleviate the burden on customers who pay excessive rates by establishing a system of direct discounts in the next fiscal year, pending moves by Ontario Hydro to eliminate the undue differential.

It remains a fundamental policy of the Government, and one which it gives particularly high priority in the existing economic climate, to maintain the quality and variety of the many social programs dedicated to the needs of all Ontarians.

Substantial increases in Provincial assistance to senior citizens were introduced in the Ontario Budget in April. In implementing the higher benefits, a new program was put into effect, which removes the delayed payment of the former tax credit system and replaces it with payment of direct grants, to offset property taxes and help pensioners cope better with rising costs.

Amendments to The Education Act place a legal responsibility on the publicly supported school system for the education of all Ontario students, thus entrenching in law the duty of school boards to include appropriate special education provisions, and services for exceptional children, in their programs.

The right to operate schools for trainable retarded children has been extended to Roman Catholic separate school boards.

A joint initiative relating to developmental programs for mentally retarded people in nursing homes and

homes for special care has been launched by the Ministries of Health, Education and Community and Social Services. The 4-year project will use interdisciplinary assessment teams, and supporting consultative resources, to determine the needs of some 3,000 clients on an individual basis, to be followed up by individual training and treatment plans.

General health expenditures were increased by approximately 12 per cent in this fiscal year. Shorter-term priorities, such as an expansion of services in certain categories of care, have been provided for within a framework of continued careful planning for the long-term health care needs of the population.

The health and safety of workers in hazardous occupations, and attendant risks to the safety of the public at large have been among the matters of foremost concern to the Government throughout the Session.

A Royal Commission was appointed, in April, to examine health and safety matters relating to the use of asbestos in Ontario.

A disturbing increase in the number of accidents and fatalities in the mining industry, in the first half of the year, led to the establishment of a joint Federal-Provincial Industrial Inquiry Commission, in July. The joint undertaking makes possible the investigation of the entire Ontario mining industry, by enabling the inclusion of uranium mines, which are within the Federal Government's jurisdiction.

In the administration of government, ongoing steps to improve services to the public, such as the Customer Service and Regulatory Reform programs, are being reinforced by a third initiative of considerable importance. Following a 3-year study, the final report of the Commission on Freedom of Information and Individual Privacy was published this Fall. An undertaking has since been given to this House for the introduction of legislation in response to the report. A number of complementary, non-legislative measures are already being implemented, and policy guidelines have been issued to civil servants, in the spirit of the recommendations.

Major reforms, comprising, in effect, a new Human Rights Code for Ontario, have been introduced. The revisions are the most extensive since the Code, the first in Canada, was enacted 18 years ago. The Bill proposes to extend coverage against discrimination to new groups or classes of persons. Protection is also offered against certain types of conduct, which were not previously prohibited. Finally, among various administrative revisions proposed, the Human Rights Code would be binding on the Crown and would, ultimately, have primacy over all legislation in Ontario.

Honourable Members, the program laid before you at the opening of the Session has been put into effect. Your unstinting efforts in dealing with these and other matters that are the responsibility of government speak well of your devotion to Ontario and her people.

In declaring this Session prorogued, I wish you all a safe return to your families and friends, and the peace and goodwill of the Season.

In our Sovereign's name, I thank you.

The Government House Leader then said:—

"Mr. Speaker and Members of the Legislative Assembly:

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued."

6.40 p.m.

Clerk of the Legislative Assembly
of Ontario.

THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

O. Reg. 1031/80.
Exemption—Ontario Energy
Corporation—OEC-4.
Made—November 13th, 1980.
Approved—November 13th, 1980.
Filed—December 10th, 1980.

ORDER MADE UNDER
THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

EXEMPTION—ONTARIO ENERGY
CORPORATION—OEC-4

Having received a request from the President of the Ontario Energy Corporation that an undertaking, namely:

The installation and operation of a steam turbine electrical generator having a capacity of about 3.2 MW of electrical power at the SWARU plant in Hamilton, Ontario and the marketing of any electricity produced,

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that the undertaking will have no significant adverse effect on the environment and will have the benefit of developing Ontario’s ability to meet more of its own energy needs.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reason:

- A. Since the undertaking will involve the installation of a turbine generator which will use steam already produced at the SWARU plant by the incineration of garbage, only minimal plant modifications will be made, the installation and operation of the turbine generator will not have any significant adverse environmental effects, and will produce power for Ontario Hydro or other distributors or users of electricity, the interference which would be caused by the application of the Act would be undue.

This exemption is subject to the following term and condition:

1. This exemption order shall expire if the turbine generator is not installed before the 1st day of January, 1985. O. Reg. 1031/80.

HARRY PARROTT

Minister of the Environment

Dated this 13th day of November, 1980.

- (b) not exceeded by 5% or less for a period not longer than 5 minutes.

15. Clause 7.5.2.1 is revoked and the following substituted therefor:

7.5.2.1 The maximum operating pressure at any point shall not exceed the lesser of 72% of

the proof test or the design pressure based on the nominal wall thickness of the pipe.

16. Clause 7.5.2.2 is revoked and the following substituted therefor:

7.5.2.2 Pressure limiting devices shall be installed on the pipeline to ensure that the maximum operating pressure of any section is,

- (a) not exceeded by more than 5% for any period of time, and

Made—December 12th, 1980.

Filed—December 12th, 1980.

REGULATION TO AMEND ONTARIO REGULATION 167/80 MADE UNDER THE ONTARIO UNCONDITIONAL GRANTS AMENDMENT ACT, 1979 (No. 2)

1.—(1) Section 1 of Ontario Regulation 167/80 is amended by adding thereto the following clauses:

(ia) “net annual sum required for regional purposes” means the amount required in any year by a regional municipality for general regional

purposes including the sums required for any board, commission or other body in that year excluding sums required for school purposes, less the amount of the *per capita* grants determined for the regional municipality in that year under section 3 of *The Ontario Unconditional Grants Act, 1975*;

(ib) "net levy against an area municipality for the year 1979" means the portion of the annual sum required for regional purposes for the year 1979 that was levied against an area municipality in that year by a regional municipality less the amount with which that area municipality was entitled to be credited in that year under section 4 of *The Ontario Unconditional Grants Act, 1975*;

(ic) "1980 constrained apportionment percentage of an area municipality" means the portion of an annual sum required for regional purposes determined for an area municipality under clause *c* of subsection 2 of section 7 expressed as a percentage of that annual sum required for regional purposes;

(ja) "1980 former apportionment percentage of an area municipality" means the percentage share of the annual sum required for regional purposes that each area municipality within a regional area would be required to raise in the year 1980 if that sum were apportioned among those area municipalities in accordance with their equalized assessments based on their 1979 equalization factors, as determined under subsection 1 of section 7;

(jb) "1979 apportionment percentage of an area municipality" means the percentage share of the annual sum required for regional purposes that an area municipality was required to raise in the year 1979.

(2) Clause *n* of the said section 1 is revoked and the following substituted therefor:

(n) "regional municipality" includes The Municipality of Metropolitan Toronto, The District Municipality of Muskoka and the County of Oxford.

2. Sections 7 and 8 of the said Regulation are revoked and the following substituted therefor:

7.—(1) For the purposes of determining grant eligibility, the Ministry of Intergovernmental Affairs shall make determinations in the same manner as is prescribed under sections 3, 4 and 5 but the determination under this subsection shall be based on,

(a) the assessment roll as returned to the clerk of the municipality under section 46 of *The Assessment Act* and not on the assessment roll

as revised and certified under section 47 of that Act: and

(b) on an equivalent assessment determined in accordance with clause *c* of subsection 9 of section 5 of Ontario Regulation 264/78 and not on an equivalent assessment determined on the basis of an interim or final grant entitlement furnished by the Ministry under that Regulation.

(2) The Ministry of Intergovernmental Affairs shall,

(a) for each regional municipality, divide the net annual sum required for regional purposes of that municipality for the year 1980 by the net annual sum required for regional purposes of that municipality for the year 1979 and subtract one from the quotient so obtained;

(b) for each regional municipality, determine the percentage change that results from multiplying the difference obtained for that municipality under clause *a* by 100;

(c) in respect of each regional municipality, determine the portion of the annual sum required for regional purposes for the year 1980 that would be levied against each area municipality within the regional area if that sum were apportioned among those area municipalities in accordance with their equalized assessments based on their 1980 equalization factors as determined under subsection 1, or in the case of an area municipality for which a constrained equalized assessment has been determined under subsection 1, in accordance with its constrained equalized assessment as so determined;

(d) for each area municipality, determine the difference between the portion determined for the area municipality under clause *c* and the amount to which the area municipality is entitled to be credited in the year 1980 under section 4 of *The Ontario Unconditional Grants Act, 1975*, such difference to be known as the net levy against the area municipality for the year 1980;

(e) for each area municipality within a regional municipality, multiply the net levy against that area municipality for the year 1979 by the aggregate of the percentage obtained under clause *b* for the regional municipality plus 100 per cent;

(f) where the net levy determined for an area municipality under clause *d* exceeds the result determined for that municipality under clause *e*, for each such area municipality, multiply the product obtained for the municipality under clause *e* by the quotient obtained when the 1980 former apportionment percentage of the municipality is divided by the 1979

apportionment percentage of the municipality;

(g) in respect of an area municipality for which an amount has been determined under clause *f*, where that amount is less than the amount obtained for that municipality under clause *d*, determine the difference between the two amounts; and

(h) where the 1980 constrained apportionment percentage of an area municipality within a regional municipality exceeds the 1980 former apportionment percentage of the area municipality, multiply the annual sum for regional purposes for the year 1980 of the regional municipality by the percentage obtained when the 1980 former apportionment percentage of the area municipality is subtracted from the 1980 constrained apportionment percentage of the area municipality.

(3) Where an amount has been determined for an area municipality under clause *g* or *h* of subsection 2, the Ministry of Intergovernmental Affairs shall notify the treasurer of the regional municipality within which the area municipality is situate of the amount so determined, or, in the case of a municipality for which an amount has been determined under each of those clauses, of the greater of the two amounts so determined.

(4) The Minister of Intergovernmental Affairs shall pay to a regional municipality in respect of which a notice is given under subsection 3 the amount mentioned in the notice adjusted to the nearest one hundred dollars.

(5) The amount to which a regional municipality is entitled under subsection 4 is not affected by the revision of an assessment roll of an area municipality within the regional area or the furnishing of an interim or final grant entitlement by the Ministry under Ontario Regulation 264/78 in respect of such an area municipality. O. Reg. 1054/80, s. 2, *part*.

8. Where an amount is payable to a regional municipality in respect of an area municipality under subsection 4 of section 7, the amount that shall be levied pursuant to the Act establishing the regional municipality against that area municipality in the year 1980 as its share of the annual sum required for that year shall be the amount apportioned to that area municipality for that year in accordance with section 2 less the amount payable in respect of that area municipality under subsection 4 of section 7. O. Reg. 1054/80, s. 2, *part*.

3. Subsections 2 and 3 of section 9 of the said Regulation are revoked and the following substituted therefor:

(2) Where the Municipal Board alters the equalized assessment of an area municipality as described in subsection 1, the Ministry of Intergovernmental Affairs shall redetermine the grant eligibility of the municipal-

ity in accordance with subsections 1 to 3 of section 7 on the basis of the altered equalized assessment and the Minister of Intergovernmental Affairs shall adjust the amount payable under subsection 4 of the said section 7 accordingly.

(3) A portion determined in respect of an area municipality under subsection 1 shall be reduced by the amount payable in respect of that area municipality under subsection 4 of section 7. O. Reg. 1054/80, s. 3.

4. Subsection 2 of section 11 of the said Regulation is revoked and the following substituted therefor:

(2) Sections 1 to 6, clause *h* of subsection 2 of section 7, subsections 3 to 5 of the said section 7 and sections 8 to 10 apply with necessary modifications to a special regional levy of a regional municipality in the year 1980 and to the special regional area as if the special regional levy were the annual sum required for regional purposes of the regional municipality and the special regional area were the regional municipality.

(3) Notwithstanding anything in this Regulation, where the Act authorizing a special regional levy authorizes the special levy to be apportioned among area municipalities according to the assessment for the whole or for a specified part of the area municipality and where a regional municipality proposes to use the assessment for part only of an area municipality in apportioning a special levy in accordance with that Act, the assessment for that part of the area municipality shall, for purposes of subsection 2, be deemed to be the assessment for the whole area municipality. O. Reg. 1054/80, s. 4.

5. Section 20 of the said Regulation is amended by adding thereto the following subsection:

(3) Where the amount to be provided by a lower tier municipality for county purposes in the year 1980 pursuant to a by-law passed under subsection 4 of section 507 of *The Municipal Act*, as modified by section 13, exceeds the amount determined for that municipality under subsection 2, the clerk of the county shall determine the amount of the difference and shall adjust it to the nearest one hundred dollars. O. Reg. 1054/80, s. 5.

6. Sections 21 and 22 of the said Regulation are revoked and the following substituted therefor:

21. The amount to be provided by a lower tier municipality for county purposes in the year 1980, as indicated in a by-law passed under subsection 4 of section 507 of *The Municipal Act*, as modified by section 13, shall be reduced by the adjusted amount calculated for the lower tier municipality under subsection 3 of section 20 and the reduced amount shall be deemed to be the amount required to be provided for county purposes by that lower tier municipality in the year 1980 pursuant to that by-law and the by-law shall indicate that the reduced amount shall be the amount that is

actually required to be provided for county purposes by that municipality in the year 1980. O. Reg. 1054/80, s. 6, *part*.

22. Where an amount indicated in the by-law of a county under subsection 4 of section 507 of *The Municipal Act*, as modified by section 13, has been reduced under section 21, there shall be paid to the county in the year 1980 by the Minister of Intergovernmental Affairs the amount of the reduction. O. Reg. 1054/80, s. 6, *part*.

7. Subsections 2 and 3 of section 29 of the said Regulation are revoked and the following substituted therefor:

(2) The clerk of the county shall then determine what the percentage share calculated for each lower tier municipality within the county under subsection 1 of section 20 would have been if the altered equalized assessment of the lower tier municipality to which subsection 1 applies, had been the equalized assessment of the lower tier municipality based on its 1979 equalization factor.

(3) Where the amount that would have been provided by a lower tier municipality for county purposes in the year 1980 based on its percentage share as determined under subsection 1 exceeds the amount that would have been so provided by that lower tier municipality based on its percentage share as determined under subsection 2, an amount equal to the excess shall be paid by the Minister of Intergovernmental Affairs to the county in which the lower tier municipality is situate. O. Reg. 1054/80, s. 7.

8. The said Regulation is amended by adding thereto the following section:

32a. Notwithstanding anything in this Part, for purposes of determining the amount of a grant payable in respect of a lower tier municipality under this Part, the equalized assessment of the lower tier municipality shall be increased by the amount of the equivalent assessment determined under clause c of subsection 9 of section 5 of Ontario Regulation 264/78 and not by the equivalent assessment determined on the basis of an interim or final grant entitlement furnished by the Ministry under that Regulation. O. Reg. 1054/80, s. 8.

9. Subsection 3 of section 40 of the said Regulation is revoked and the following substituted therefor:

(3) Where an amount apportioned by a local board to a municipality pursuant to the Act establishing a local board, as altered by sections 34 and 38, exceeds the amount determined for that municipality under subsection 2, there may be paid to that municipality by the Minister of Intergovernmental Affairs an amount equal to the difference between the amount so apportioned and the amount determined for that municipality under subsection 2. O. Reg. 1054/80, s. 9.

10. Section 43 of the said Regulation is revoked and the following substituted therefor:

43. Notwithstanding anything in this Part, for the purposes of an apportionment made by a conservation authority, the equalized assessment of a municipality based on its 1980 equalization factor and the equalized assessment of such municipality based on its 1979 equalization factor shall, for the purposes of sections 33 to 42, be deemed to be the weighted equalized assessment of the municipality based on its 1980 equalization factor and the weighted equalized assessment of the municipality based on its 1979 equalization factor respectively, and the actual weighted equalized assessments of that municipality based on its 1980 and 1979 equalization factors shall not be used in performing the operations and making the determinations prescribed by those sections. O. Reg. 1054/80, s. 10.

11. The said Regulation is further amended by adding thereto the following section:

48.—(1) Where prior to the coming into force of this section, a regional municipality or county has made a requisition or levy against a local municipality in accordance with the prior Regulation and where, because of this Regulation as it reads after the coming into force of this section, the regional municipality or county receives a grant in excess of the grant that it was entitled to in respect of the local municipality under the prior Regulation, the amount of the grant as determined under this Regulation as it reads after the coming into force of this section and not the amount of the grant as determined under the prior Regulation shall be credited by the regional municipality or the county, as the case may be, to the local municipality in the year 1980 and the requisition or levy against the local municipality shall be adjusted accordingly.

(2) In this section "prior Regulation" means this Regulation as it read immediately prior to the coming into force of this section. O. Reg. 1054/80, s. 11.
